Collins, providing the passport to succeed in English.

Collins is proud to introduce an accessible range of self-study courses, skills and reference books to the ELT market, perfect for home study and classroom use, powered by Cobuild.

We want to give learners of English the linguistic passport they need to succeed in their IELTS exams, to conduct business with flair and confidence in English and to prepare them for living in English-speaking countries.

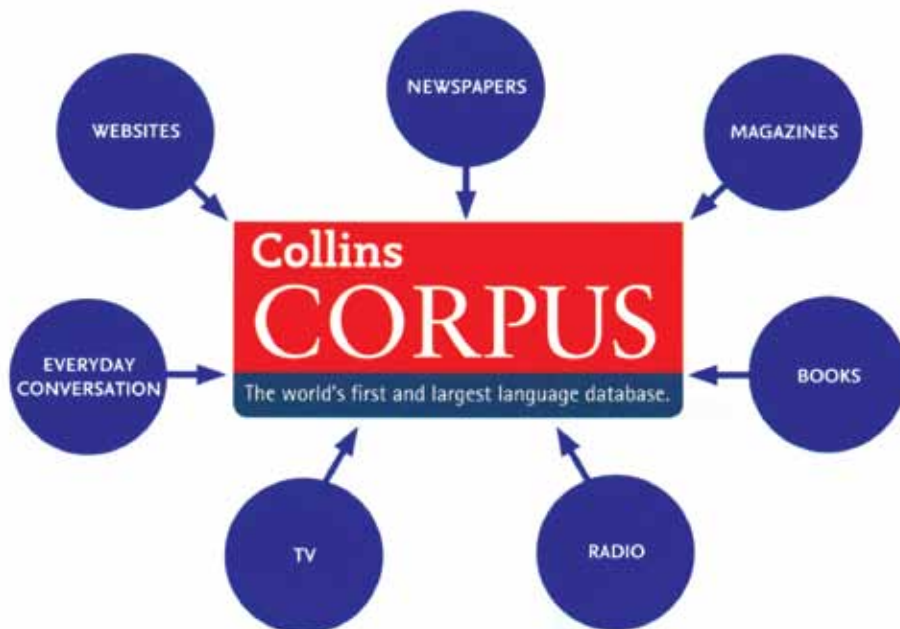

At Collins, we want to give learners of English the chance to get their English from where it is to where it needs to be.

About COBUILD

Collins, in association with the University of Birmingham, and led by the pioneering linguist John Sinclair, developed the very first corpus of English in the 1980s. This corpus -the Collins Birmingham University International Language Database (COBUILD)-revolutionized dictionaries for learners of English. It became the largest collection of English data in the world, bringing together words from written and spoken English to provide evidence of how English was really used. This meant that dictionary writers no longer had to rely on their own intuition about English, but could check millions of words of data to see, for example, which senses of a word might be the most frequently used, which words 'go' together, how words are really used in sentences, and to find authentic examples of English in use.

The first COBUILD dictionary was published in 1987, and it has been regularly updated ever since. The Collins corpus now contains over 4 billion words taken from websites, newspapers, magazines and books published all over the world, and spoken material from radio, TV and everyday conversations. It is updated every month to ensure that Collins captures new words and meanings as they enter the language.

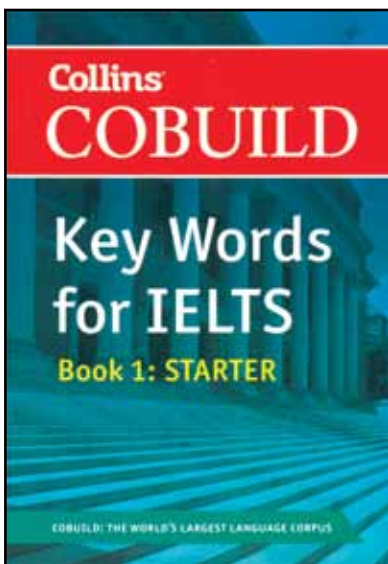

This means that you can rely on Collins, and Collins COBUILD: all of our explanations, examples and special features are based on analysis of the Collins corpus, so you can trust Collins to help you speak and write accurate, effective, and up-to-date English.

Key Words for IELTS

The Collins COBUILD Key Words for IELTS series is a brand-new range of three graded books which provide easy access to the essential vocabulary students need to succeed in the IELTS exam. By working through the books in order, students can build their vocabulary and improve their IELTS score, from approximately 4.0-5.5 at book 1 to 7.0+ at book 3.

- Students can expand their vocabulary using the A-Z section, which contains full coverage of the most common words that appear in the IELTS exam
- Topic-based vocabulary lists at the front of each book help students to revise vocabulary
- Thousands of IELTS-style examples from the Collins corpus illustrate how English is really used
- A wealth of collocations, synonyms, antonyms and phrases from the Collins corpus show words in context
- Usage notes and language tips, specifically tailored for IELTS, ensure students feel fully prepared for the exam
- Clear labelling and a user-friendly layout makes finding information easy

Work on pronunciation and features of natural speech

19 Look at the table below. Listen and repeat the strong and weak prepositions. Note that *for* and *far* have different weak forms when they come before vowel sounds. You will find a full guide to reading phonetic symbols at the back of this book.

Word	Strong form	Weak form(s)	Weak form before a vowel sound
1 to	/tu:/	/tə/	/tə/
2 of	/ɒv/	/əv/ /ə/	—
3 at	/æt/	/ət/	—
4 from	/frɒm/	/frɒm/	—
5 for	/fɔ:/	/fə/	/fə/

20 Sometimes, even in fast speech, we use the strong form of a word:

- if we want to emphasise it, or contrast it with another word
- if it comes before a pause
- if it comes at the end of a sentence

Listen to sentences 1–4. Are the prepositions strong or weak? If they are strong, give a reason from the list a–c above.

- Has she been waiting for long? _____
- What are you looking at? _____
- The present's not from Mark, it's for Mark. _____
- I want to go. _____

Now check your answers. Then repeat the sentences.

Exam tip: Other function words (or grammatical words) also have weak forms. Some common ones are:

- positive auxiliary verbs (e.g. can, must, do, shall, was, are)
- pronouns (e.g. her, you, them, your)
- conjunctions (e.g. and, but, because, /zə/, than)
- articles (the, a, an)

A good dictionary will give you guidance on strong and weak pronunciations. Practise using weak forms by saying sentences that have prepositions in them.
